Peelboard!EASY

Proofing board of a newly defined convenience generation. Light. Stable. Safe. Cost-effective!

Peelboard!EASY

Smooth plastic surface

- Proofing board for feeding systems.
- Can be used with little flouring.
- An aluminum profile running all around, edged with corner connectors made of polypropylene - good edge protection as a result.
- It lies exactly flat and is very stable.
- Dough pieces come off easily.
- Suitable both for breads without flour decoration e. g: Kassler, white bread, Mediterranean pastries and many types of bread rolls as well as rustic pastries with flour decoration such as: Stone-baked bread, Mediterranean pastries, baguettes, ciabatta, etc.
- Certified for food products.

External dimensions / weights:

580 x 780 mm / 1,9 kg

580 x 980 mm / 2,4 kg

780 x 870 mm / 2,9 kg

Individual formats are possible.

Height: 30 mm

Material:

Contact surface: polypropylene

Frame profile: Anodised aluminium

Convenient cleaning and safe hygiene

- Requirements according to the Food Hygiene Ordinance are fulfilled to the maximum.
- The peelboard is dishwasher-safe.
- Thanks to short drying times, cleaning can be carried out in a minimum of time.

Durability

- The Peelboard remains stable and hygienic.
